

19 April 1977

Mrs. Rosalynne Carter
c/o The White House
Washington, D.C.

Dear Mrs. Carter:

Bless you for your interest in and concern for America's older citizens.

It is a very terrifying experience getting older in America. You suddenly find yourself an outsider. Indeed one reaches an age - where one is almost considered not to exist.

A most terrifying and depressing experience.

With sincere best wishes,

Paul Palmer
