Dear Mr. Badovinac:

Thank you for your letter of July 16. I share your concern that our nation develop a coherent economic policy to control inflation without increasing unemployment. I am enclosing two issue analysis papers on the economy and problems of the aging which I believe you will find interesting.

You may wish to phone my appointments secretary, Mrs. Mary Beazley, when you are in Atlanta. I hope we can arrange a visit.

Sincerely,

Jimmy Carter

Dear Jimmy:

Thank you for your letter of July 11th inviting us to suggest issues which are of concern to us and to all Americans in these times.

The one issue which is giving us concern, as it must be giving concern to all American citizens, is the run-away inflation which we are experiencing, and we hope that our politicians will give more than the usual time to the study of ways and means on how to halt this inflation which is eroding our income and making it difficult to make ends meet. We are particularly concerned with the plight of our older members who are drawing pensions, and we would like to know if anything is going to be done to help them out in these troublesome times.

I may have an opportunity to take advantage of your invitation to visit with you personally in the near future, because Mrs. Badovinac and I are planning a trip to Florida and will be returning through Atlanta about August 5th or 6th.

If either of these dates is convenient for you, we will stop in to say hello.

Sincerely yours,

John Badovinac
National President
