The Honorable Jimmy Carter

Dear Governor Carter:

Thank you for your letter of July 11, 1974.

I appreciate the compliment you paid to the International Consumer Credit Association. Its publications reach more than 100,000 opinion forming people monthly.

There are two important issues that I see at the moment. The first is inflation. The second is equally important and this is rekindling respect for America, the things she has accomplished over the past 200 years and its elected and appointed officials which carry on the functions of government.

We've gotten off the track and need to restructure our thinking in a more positive vein rather than reciting all of the negative wrongs.

Thanks for writing me to express my thoughts. Best personal regards.

Sincerely yours,
