Dear John:

Thank you for your letter and the brochure. I share your concern that our nation develop a sound economic policy which does not provide special favors to powerful and vested interests. I believe you will find the enclosed issue analysis paper on the economy to be of interest.

Please let me continue to have the benefit of your thinking.

Sincerely,

Jimmy Carter

Dear Governor Carter:

Your letter of July 12th is most appreciated.

Unfortunately small business all too often is the victim of hypocrisy. Everyone in government professes love for small business; few do anything of substance for it.

The enclosed monograph outlines a "Catch-Up" program for small business. It needs support from the Democratic National Committee and all citizens. Small Business built this country and today, especially in light of the current credit crunch, it is in real danger.

Your reactions to our positive approach to a most serious problem will be welcomed.

Sincerely,

John Lewis
Executive Vice-President
