MEMORANDUM FOR THE PRESIDENT
FROM BOB LIPSHUTZ
STU EIZENSTAT

SUBJECT: Executive Order Amendment on Water Resources Council Water Project Review Function

As a part of the water policy, you issued an Executive Order establishing an "independent water project review" function in the Water Resources Council. The Order transferred the function of reviewing water projects from OMB to WRC and substantially beefed up the review process itself. To ensure that the review process did not become a delaying mechanism, the Executive Order also required WRC to complete each review in 60 days except in extraordinary circumstances.

For several months, WRC has been trying to reprogram sufficient FY79 funds to commence the review function in compliance with the Order. The Senate Appropriations Committee has approved the reprogramming but the House Committee has been delaying a definitive response. In a related action, the Senate authorizing committee (Environment and Public Works) has removed authority for such a review in WRC's FY80 authorization (which has not yet come to the Senate floor nor has the House acted on it). Agencies (the Corps, the Bureau of Reclamation and the Soil Conservation Service) have been holding projects until the review process is functioning.

Because the reprogramming of FY79 funds has not yet been approved, an amendment is needed to the Executive Order which clarifies that the review deadlines do not take effect until funding is available. Until the review function is operating, the Administration cannot "clear" new water projects for authorization or for funding. With the amended Executive Order in place, we expect that some members of Congress with projects awaiting review will help see that the function is funded so that project clearances are expedited. Frank Moore's staff suggested this strategy and urged that the Executive Order be amended so that projects could be referred to WRC without violating the deadlines of the original Executive Order.
We recommend that you sign the attached Executive Order amendment. It has been cleared by Justice, OMB and WRC.

DISAPPROVE
EXECUTIVE ORDER

INDEPENDENT WATER PROJECT REVIEW

By the authority vested in me as President by the Constitution and statutes of the United States of America, and in order to provide for an orderly implementation of the independent review of Federal water resource programs and projects, subsections (b) and (c) of Section 1-105 of Executive Order No. 12113 of January 5, 1979, are hereby amended to read as follows:

"(b) After October 1, 1979, an agency shall not submit to the Council, during any calendar quarter, more than one-third of the total reports, proposals, and plans scheduled for review during any one fiscal year.

"(c) The Chairman of the Council, or his designee, shall transmit the results of the impartial technical review to the appropriate agency head. The transmittal shall include identification of any specific variations from Council approved procedures and manuals and the steps necessary to bring the plan into conformance. The results of the review shall be transmitted to the agency head within 60 days of the agency's submission of the report, proposal, or plan provided that funds and other resources have been made available for the review.".

MEMORANDUM FOR THE PRESIDENT
FROM: CAROL COLEMAN

SUBJECT: Talking Points for Armenian-American Reception
6/4/79 1:30 p.m.

Armenian-Americans have made tremendous contributions to our country: in music, the arts, business, politics and education. We would not be the great nation we are today, if we had not opened our doors to refugees from other countries; if we had not been the melting pot of the world, enriched by so many diverse cultures.

As a nation of immigrants, we understand diversity and how to live in harmony with our differences. We are joined together by common ideals and purposes which are set forth in our Constitution -- democracy, freedom, peace and justice.

It has been a search for these ideals that has brought so many refugees to our shores. The Armenian people -- one of the oldest people in the world -- have suffered a great deal. Tragedies have befallen you in ancient times and in this century.

I do not want to dwell on these tragedies, but to remember them, so that they will never happen again. Last month I went to the Capitol to participate in a memorial to the victims of
the Holocaust. And I am proud that for the first time as a nation we remembered the suffering of the Armenian people, as well.

As President, I appreciate your great courage, your customs and your superb achievements. I might add that you were among my earliest and most enthusiastic supporters when I ran for President, and I will always remember it. You were the first large ethnic group to support me.

Your help for our Party and our country are also much appreciated. Last September I appointed Set Momjian as U.S. Representative to the United Nations, where he has served with distinction.* He was also a delegate to the Human Rights Commission in Geneva, where he worked for the worldwide advancement of human rights.

So, the future of oppressed people around the world is being made brighter by Americans of Armenian decent who are interested and active in world affairs.

Armenian-Americans have never been afraid to face problems and solve them, and I am grateful to each of you. You have helped to make my job as President easier.

*This is the highest office to which an Armenian-American has ever been appointed.
Jack Watson

The attached was returned in the President's oubox today and is forwarded to you for appropriate handling.

MEMORANDUM FOR THE PRESIDENT

FROM: JACK WATSON

SUBJECT: Request for Meeting by Secretary Ray Marshall

Ray called to ask for a meeting with you to discuss the Economic Policy Group and coordination of economic policy-making.

I am certain that Ray is concerned about public perceptions of his diminished role in economic policy-making occasioned by recent news articles. The new coordination proposal, which appears to give some primacy to the EPG's Steering Group (of which Ray is not a member), no doubt is causing him some concern.

I suggest that, because of the demands on your schedule and because decisions have been made on coordination of economic policy-making, you call Ray and discuss his concerns, rather than schedule a meeting.

Attached is the Coordination Memorandum which you have already approved and which is scheduled to be distributed this afternoon.
Mr. President:

Here is the memorandum to heads of departments and White House staff on the structure of economic policymaking. This was approved by the members of EPG at a meeting this afternoon.

Stu Eizenstat
THE WHITE HOUSE
WASHINGTON
May 29, 1979

MEMORANDUM FOR THE HEADS OF EXECUTIVE DEPARTMENTS
AND AGENCIES
THE WHITE HOUSE STAFF

SUBJECT: The Economic Policy Group and the Coordination of Economic Policymaking

To assure efficient coordination of economic policymaking, I direct that the following procedures be implemented immediately:

1. The Economic Policy Group (EPG) shall be the exclusive vehicle for overseeing the formulation, execution, and presentation of the Administration's domestic and international economic policies.

2. The EPG should normally operate through meetings of its Steering Group, consisting of the Secretary of the Treasury as the Chairman, the Chairman of the Council of Economic Advisers, the Director of the Office of Management and Budget, and the Inflation Adviser to the President. The Vice President and the Assistant to the President for Domestic Affairs and Policy shall participate ex officio in all meetings of the Steering Group. The Chairman of the EPG, consulting with the Steering Group, shall invite the participation of other members of the EPG as appropriate to the issues under review. At the Chairman's call, the Steering Group should meet several times a week in the White House.

3. The Secretary of the Treasury, as Chairman of the EPG, is the Administration's chief economic spokesman, and major statements on economic policy by Administration officials should, whenever possible, be reviewed and coordinated by the EPG Steering Group.

4. The EPG Steering Group is responsible for assuring
that all Presidential-decision memoranda reflect sound economic analysis and accurately relate the options presented to the Administration's overall economic program and priorities. For this purpose:

-- The EPG shall have an office in the White House.

-- The EPG Steering Group shall have full access to all decision memoranda -- from agencies and from EOP and White House staff units -- which involve policy issues having a significant impact on economic variables (e.g., inflation, employment, real growth, productivity, competition, international accounts, etc.).

-- The departments, agencies, and Executive Office and White House staffs shall work closely with the EPG to assure the efficient coordination of economic policymaking.

5. These procedures should be implemented without modification of normal Executive Office, domestic policy and legislative clearance processes.
