MEMORANDUM TO THE PRESIDENT

FROM: STU EIZENSTAT *Stu*
RALPH SCHLOSSTEIN

SUBJECT: Enrolled Bill S. 2597 Intelligence Authorization
Act for Fiscal Year 1981

Sponsor: Senator Bayh (D-Indiana)

THE BILL

S. 2597 authorizes fiscal year 1981 appropriations of \$17.8 million for staffing of the intelligence community, \$55.3 million for the CIA Retirement and Disability Fund and additional amounts that are specified in the classified Conference Report. The amounts authorized conform to your budget request, with a few minor exceptions. The bill, however, does reduce the CIA's request for contingency reserve funding. A supplemental request may be required in 1981 to correct this shortfall.

The bill contains several other features that were proposed or accepted by the Administration. It authorizes the payment of a death gratuity to certain employees of the CIA, and authorizes the CIA to provide monetary and other benefits to certain former employees of the CIA. It also provides general gift acceptance authority to the CIA, and provides certain administrative authorities to the National Security Agency.

Finally, S. 2597 establishes a framework for Congressional oversight of U.S. intelligence activities. The bill generally requires the CIA and other Executive agencies engaged in intelligence activities to keep the House and Senate Intelligence Committees fully informed of the activities they undertake or anticipate undertaking. The approval of the Intelligence Committees, however, is not required to initiate any intelligence activities. Moreover, the bill provides for limited notification of Congress (limited to the Chairman and Ranking Member of the Intelligence Committees, the Majority Leader and Minority Leader of the Senate and the Speaker and the Minority Leader of the House) "if the President determines it is essential to limit prior notice to meet extraordinary circumstances affecting vital interests of the United States."

Until recently, Senator Ford has said very little about the presidential election. On Monday night (Oct. 6), however, he spoke at a rally and made some very supportive comments. Our state coordinator, Charlie Graves, would like to follow up on this with a phone call from you. Sen. Ford is currently making a 30 day tour around the state and if he continued to make statements like he did on Monday, it would help us greatly. Graves thinks that some comments to the effect that we are aware of his trip and of the positive things he said on Monday and that his continued support is crucial for a Carter/Mondale victory (over

KS
Rabbi Bosker -- Governor Carey -- Lt. Governor Cuomo --

Senator Moynihan -- Borough President Manes -- members of
the Forest Hills Jewish Community Center, which marks its
50th year of service this year -- community leaders from all
over the Borough of Queens --

I'm proud to have the support and counsel of ^{Senator} Scoop Jackson.

He is a tremendously effective fighter for a strong
defense -- for American energy security -- for help to New
York and other cities -- for the cause of Soviet Jewry --
for a strong and secure Israel.

2

I want the people of Forest Hills and Queens to know
exactly where I stand on the issues.

There has been misunderstanding -- which is legitimate.

There has also been misrepresentation -- which is not legitimate.

I saw a political advertisement in one of the community papers. It was placed by an independent committee supporting my opponent. It had a headline saying: A VOTE FOR CARTER IS A VOTE FOR A P-L-O STATE.*

That is more than a misrepresentation. It is a disgusting lie. 

Let there be no doubt about where I stand.

The United States opposes and I oppose a P.L.O. state. The United States will never recognize or negotiate with the P.L.O. as long as it refuses to recognize Israel's right to exist and refuses to accept U.N. Resolution 242. 

*Ad placed by the "Jewish Independent Election Committee," printed in the Sept. 28 issue of Jewish Week-American Examiner. The group has filed with the F.E.C. It has a Forest Hills address. The ad is an argument for Reagan, though the committee's name does not mention Reagan.

54
Terrorism is a crime against decency and humanity --

whether it occurs on the streets of Paris or the streets of
Jerusalem, whether those responsible are neo-Nazis or members
of the P.L.O. The recent acts of violence in Paris and
other French cities remind us that after so many centuries
in so many countries, anti-Semitism has still not been eradicated.
At the next Summit meeting of the ^{industrial democracies, our} ~~Western~~ allies, ^{we} ~~I~~ will discuss
~~raise~~ what collectively can be done to counter such terrorist
acts -- wherever they occur. 55

The world must never forget the lessons of the Holocaust.
^{exactly the reason}
That is, ~~why~~ I established the Holocaust Commission to plan a
memorial in our country for the victims of Nazi terror.

That is also why, after 40 years of government inaction,
I set up a special unit in the Department of Justice to root
out Nazi war criminals who may be in hiding in the United
States. \$2.8 million has been appropriated for this task. 56

6
Scoop Jackson and I also share a deep concern about the
freedom of Soviet Jews to emigrate.

The year before I became President, Jewish emigration
from the Soviet Union was about 14,000. Last year, it was up
to 50,000. This year's lower rate -- in the wake of the
Soviet invasion of Afghanistan -- is of great concern. We
will not rest until every Soviet Jew is free to emigrate.

Let's be absolutely frank with each other. Without
~~mincing words, I want to confront something that I know is~~
answer directly and positively a question that I know
~~has been raised by some in our country who care deeply~~
in the back of a lot of your minds. I know that many of you
~~about Israel.~~
about Israel.
~~have asked yourselves.]~~

What about after the election? *The record so far is*
very good, but isn't

*Pat is a little concerned about the four bracketed paragraphs
beginning here. He thinks the news lead might be "Carter
Says Jews Don't Trust Him." He's not saying you shouldn't
say this, he's just worried.

Joel McCleary, Mario Cuomo, Al Moses, Stu Eizenstat, and Rick
think it is absolutely crucial for you to say this, thereby
directly confronting the suspicions. This could be your
equivalent of JFK's speech to the Protestants in Houston.

*reverse U.S. policy
and*

~~Isn't~~ there a danger that President Carter might turn
his back on Israel once he no longer needs our votes? *some time in
the future?*

[My answer is -- Never! ~~never, Never!~~] 58

I want each of you to go back to the people in your
communities and neighborhoods and tell them this:

This President ~~[Jimmy Carter]~~ will never turn his back on Israel.

This President ~~[Jimmy Carter]~~ will never, quote, "re-assess"
America's relationship with Israel.

This President ~~[Jimmy Carter]~~ will ~~will~~ ^{not} ~~[never]~~ use economic and
military aid to Israel as a lever against Israel -- not now,
not in the last four years, and not in the next four years.

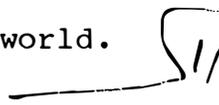

Scoop Jackson knows that. That is why he's here with
me today.

He knows and I know that the United States has a moral

commitment to Israel -- and a strategic commitment as well.

General David Jones, chairman of the Joint Chiefs of Staff, and Robert Komer, Undersecretary of Defense for Planning, recently went to Israel to continue our strategic dialogue with Israel's defense planners and top leaders.

I sent them there to continue laying the foundations for our mutual defense requirements for the next decade. 

A strong, secure Israel is not ^{just} in Israel's interest, ~~alone~~.
It is in the interest of the United States and the free world. 

On Jerusalem, let me repeat the policy of the United States. We believe in an undivided Jerusalem. We believe in a Jerusalem with free access for all faiths to the holy places. We believe that the future of Jerusalem can only be decided through negotiations -- and, ^{then} ~~only~~ with the ~~full~~ concurrence and agreement of Israel. 

S11

As I told the International Ladies' Garment Workers

Union two weeks ago, we will oppose any effort to reject

Israel's credentials at the United Nations General Assembly.

If it did so, that would raise the gravest doubts about our
~~General assembly and further participation of the United States and~~
~~continued participation in the General Assembly.~~ If the
~~matter~~ ^{should ever come} came to the Security Council, we would veto it.

*The future of the
other nations
in the deliberation
of that body.*

12

At his Cabinet meeting last week, Prime Minister Begin
praised the U.S. for protecting Israeli membership, ^{and legal status} in such
international forums as the General Assembly, the UNESCO
General Convention at Belgrade, and the International Tourist
Organization.

Israel can count on that backing from us -- now and
always.

13

Obviously, our government and the Government of Israel
are not always going to agree on everything. We do not agree
on everything with any of our ^{friends and} allies.

But in the next four years, our country is going to
continue to support Israel and work with Israel -- not just
as a mediator but as a partner. 514

We are going to persevere in the Camp David process,
which has already brought about the treaty of peace between
Israel and Egypt -- the first ever peace between Israel and
one of her neighbors. And tomorrow, the negotiations to
build a broader peace will resume ^{again} in Washington. 515

*

The choice in this election is not a matter of personalities
or intentions. It is a matter of consequences -- the consequences
for the future of ~~the~~ policies our government will follow for
the next four years. That choice could not be more critical --
or more clear. 516

On one side is a Republican candidate who said just a
few months ago, quote, "Urban aid programs are one of the
biggest phonies that we have in the system."

On the other side is a Democratic Administration that
has pushed through the first comprehensive national urban
policy in our history.

the Federal government would never come to the aid of New

On the other side is a Democratic Administration that
worked with the people of this, the greatest city in the

have a lot more to do together for this city and its people.

INSERT

A On one side is a Republican candidate who wants to put an end to federal aid for mass transit. That proposal would mean higher local taxes, more pollution, higher transit fares and more dependence on foreign oil from New York to Los Angeles, from Portland to Atlanta.

On the other side is a Democratic candidate who is committed to decreasing the burden on local tax payers, decreasing our dependence on foreign oil and making our cities a better place to live.

A  18

On the other side is a Democratic Administration that
is committed to mutual and balanced controls ^{and ~~substantial~~ ^{future} ^{substantial} ^{reductions} ⁱⁿ} on the terrible
weapons of nuclear annihilation.

20

On one side is a Republican candidate who -- at a time
of growing concern about the possibility that such nations as
Iraq might develop nuclear weapons -- says that nuclear
proliferation is, quote, "none of our business."

On the other side is a Democratic Administration that
believes that halting the spread of nuclear weapons is the
business not only of the United States Government but of
every government and every human being.

21

On one side is a Republican candidate who summed up his
energy program this way: quote, "What needs to be done is
for the government to repeal the energy legislation and then
turn the industry loose."

On the other side is a Democratic Administration that fought successfully for the Windfall Profits Tax and for a massive new energy program that has already ^{helped to} reduced our oil imports by one-third compared to this time last year. Every drop of oil that we do not have to buy from OPEC increases our security and that of our friends, including Israel. We must not allow our progress on energy to be reversed.

This is a little cheap, JSP

[On one side is a Republican candidate who makes extravagant promises to the Jewish community but who is utterly without foreign policy experience and who in 20 years of public life has never taken the time even to visit Israel.

On the other side is an experienced Democratic Administration that is totally committed to the Camp David process and to a secure Israel living at peace with her neighbors.]

On one side is a Republican candidate who launched his political career as a spokesman for the anti-Medicare lobby --

and who now says, quote, "I am firmly opposed to National Health Insurance."

On the other side is a Democratic Administration that is committed not only to a national health plan but also to the integrity of the great programs of social betterment this country has adopted under Democratic Presidents ever since F.D.R.

523

On one side is a Republican candidate who promises ideological loyalty tests for prospective judges, including members of the Supreme Court.

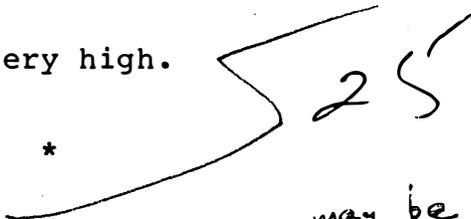

On the other side is a Democratic Administration pledged to the kind of independent, qualified judiciary the Founders of our Nation envisioned.

524

On one side is a Republican candidate who has turned his back on 40 years of his own party's support for the Equal Rights Amendment.

On the other side is a Democratic President who has pledged to fight until the rights of women, like the rights of men, are inscribed in the Constitution of the United States.

On issue after issue, the choice is clear -- and the stakes for our country are very high.

* 

This is a tough race. The polls say we ^{may be} ~~are~~ behind.

The Republicans are outspending us by many millions of dollars.

Fritz Mondale and I are going to need the help of every person in this room and a lot more besides.

New York City and the Borough of Queens are very important in this effort. ~~[In fact, without New York, I can't see any way we can win this election.]~~

For the sake of this city, for the sake of everything

we have done together in the past, for the sake of everything
we will do together in the future, let's get our message
across to every New Yorker.

S
24

We have just three weeks and one day to go. So let's
every one of us buckle down and get to work. Let's win a
victory -- ~~[for Jimmy Carter and Walter Mondale]~~ for the
whole Democratic ticket in New York, and -- most important
of all -- for the beliefs and convictions and ideals we
all share.

4. IT IS A TRADITION STRONG ON FAMILY AND PATRIOTISM AND THE DIGNITY OF WORK AND THE IMPORTANCE OF EDUCATION AND RELIGION AND THE POWER OF LOVE.

2. THE LAST TIME THERE WAS A CRISIS IN THE PERSIAN GULF -- WHEN WORLD OIL SUPPLIES WERE CUT BY 4 MILLION BARRELS A DAY -- WE HAD LONG GAS LINES AND FEARS OF WORSE. TODAY, AS THE WAR BETWEEN IRAN AND IRAQ CONTINUES, WORLD SUPPLIES ^{have} ~~ARE~~ AGAIN ^{been} ~~BEING~~ CUT BY ABOUT 4 MILLION BARRELS A DAY -- AND WE ARE AHEAD OF THAT CRISIS.

WE ARE IMPROVING OUR ENERGY SECURITY EVERY DAY. ² WE ARE SHOWING THAT THIS COUNTRY CAN PRODUCE MORE, DISCOVER MORE AND CONSERVE MORE ENERGY -- AND THAT WE CAN USE AMERICAN RESOURCES, AMERICAN KNOWLEDGE, AND AMERICAN LABOR TO DO IT.

4. NOTHING DEMONSTRATES THAT BETTER THAN COAL. AMERICA IS THE SAUDI ARABIA OF COAL -- AND WE ARE MOVING TOWARDS THE DAY WHEN AMERICAN COAL WILL RIVAL OPEC OIL. MY ADMINISTRATION HAS DONE MORE FOR COAL THAN ANY OTHER IN AMERICAN HISTORY.

5. DOMESTIC COAL PRODUCTION WILL HIT A RECORD HIGH THIS YEAR, EXCEEDING 800 MILLION TONS FOR THE FIRST TIME. ³ BEFORE THIS YEAR WE HAD NEVER BEFORE BEEN ABLE TO PRODUCE 17 MILLION TONS IN ONE WEEK. THIS YEAR, WE HAVE HAD 15 WEEKS IN WHICH WE HAVE GONE OVER THE 17 MILLION TON MARK.

6. THIS IS THE FIRST YEAR IN OUR HISTORY IN WHICH MORE THAN 50 PERCENT OF OUR NATION'S ELECTRICITY HAS BEEN PRODUCED FROM COAL. OUR EXPORTS OF COAL HAVE HIT AN ALL-TIME HIGH.

8. OVER THE PAST SEVERAL WEEKS⁵, WE HAVE SIGNED HISTORIC AGREEMENTS TO FINANCE AND GUARANTEE THE CONSTRUCTION OF SYN FUEL FACILITIES INCLUDING: SRC I (Kentucky), SRC II (West Virginia), AND THE GREAT PLAINS GASIFICATION PLANT (North Dakota). ³ THESE THREE DEMONSTRATION PLANTS ALONE WILL BE AMONG THE LARGEST AND MOST ADVANCED FACILITIES OF THEIR TYPE IN THE WORLD AND WILL INCREASE DEMAND FOR COAL BY SEVERAL MILLION TONS ANNUALLY IN A FEW SHORT YEARS.

9. WE ARE ALSO MINING AND USING ~~THE~~ COAL SAFELY. WE ARE FINDING SOLUTIONS TO ENVIRONMENTAL PROBLEMS. WE CANNOT AFFORD TO WASTE ANY OF OUR NATURAL RESOURCES. THE AMERICAN PEOPLE HAVE TO ACCEPT COAL AS BOTH A CLEAN AND SAFE FUEL IF WE ARE EVER TO ACHIEVE OUR GOALS FOR ENERGY SECURITY -- AND FOR VASTLY GREATER COAL USE. ⁶

10. WE MUST NOT SACRIFICE PROGRESS IN DEVELOPING OUR COAL AND SYNTHETIC FUELS BECAUSE OF INFLEXIBLE REGULATIONS. I KNOW THAT YOU ARE CONCERNED ABOUT THE ECONOMIC IMPACTS OF THE CLEAN AIR ACT. SO I HAVE DIRECTED DOUG COSTLE TO INCLUDE A CAREFUL

13. A BALANCE HAS ALSO BEEN STRUCK BETWEEN COAL MANAGEMENT AND LABOR. THANKS TO THE DETERMINATION OF ALL THE WORKERS IN THE COAL INDUSTRY AND EFFORTS BY MY COMMISSION ON COAL AND THE DEPARTMENT OF LABOR, WE HAVE REACHED A LEVEL OF COOPERATION TODAY UNPARALLELED IN RECENT HISTORY. THIS COOPERATION IS CRUCIAL TO ^{SUSTAINED} COAL PRODUCTION IN THE U.S.

14. COAL PRODUCTION IS CRUCIAL TO THE ECONOMIC AND NATIONAL SECURITY OF THE U.S. I HAVE BEEN WORKING TO INCREASE COAL PRODUCTION FOR FOUR YEARS -- AND I DO NOT INTEND TO QUIT UNTIL IT IS AT A MAXIMUM -- UNTIL YOUR MINES ARE ^{ALL} PRODUCING AND AMERICA'S MINERS ARE ^{ALL} WORKING.

Opening Remarks for Town Meeting

Senator Tom Eagleton, thank you for the introduction,
Governor Teasdale, Congressman Bob Young, Chancellor Arnold
Grobman [GRUB-man], Mayor James Conway, ladies and gentlemen:

It's a pleasure to feel the hospitality of the St.
Louis area again. I wanted to visit the home of that outstanding
soccer team, the Rivermen [team of U. of Missouri at St.
Louis], so here I am.

I have come here to talk with you about our choices in
one of our most crucial elections in recent times.

Three weeks from tomorrow, the American people will
choose not just between two Presidential candidates, or even
two parties.

The real choice is between two futures -- two very different futures.

5 2

I feel confident that the American people will make the right choice. I know that they -- like the people of Missouri -- are builders. The same spirit that built the strong industries and communities of this area is building a new future for America.

We are already building a new energy base for this country. We have conserved energy dramatically, and, coast to coast, we are developing new energy resources as never before in our history.

We are also beginning to build a new industrial base for America. My economic revitalization program will create a million new jobs in the next two years -- jobs in growing, competitive industries.

5 3

In recent weeks, I've seen this revitalization already

underway. I visited workers at a textile mill, a new steel mill, a grain terminal, high-technology plants -- all with the most modern equipment in the world.

I've seen the 1981 cars coming off the assembly line -- the best-built, best-designed cars in the world today. I recommend them to everyone in the market for a new car.

Everywhere I go, I see American workers showing what they can do with the right tools and the right chance. I see the future of our communities, of working families, of young people -- and it is a good, strong future.

It can be a future of full employment, with stable prices, in which people can plan careers and family life and enjoy their retirement. It can be a future of bright cities, with new life.

It can be a future of compassion and justice, where a person's skin color or economic status is no longer a burden.

5
Most of all, it can be a future of peace. America has once again become a symbol of hope and human rights. Our military might is unsurpassed. But we have also learned to use it with restraint and wisdom. We have kept America at peace for 3-1/2 years and helped others find peace.

Our country has always built for the future -- and seldom have we had a greater opportunity to reach that future.

I want to leave you with that same spirit. I want us all to remember 1980 as a great election victory for the Democratic Party.

But most of all, I want you to be able to tell your children and grandchildren how in 1980 we started rebuilding America. I'll do my part, and I want you to do yours.

MEMORANDUM FOR THE PRESIDENT

FROM: LLOYD CUTLER *LNC*

SUBJECT: Appointments to ICSID Panels

You have the opportunity to appoint four panelists each to the Panel of Conciliators and the Panel of Arbitrators of the International Centre for the Settlement of Investment Disputes (ICSID). No Senate confirmation is required.

ICSID is a World Bank affiliate which helps to promote a stable framework for international investment by providing facilities for the arbitration and conciliation of investment disputes between foreign investors and host governments. Every Administration since ICSID's establishment in 1966 has strongly supported ICSID, recognizing that it provides orderly mechanisms for settling investment disputes that might otherwise severely strain bilateral political relations. ICSID now has 78 members, including more than 50 developing countries; investors and host governments increasingly agree to settle disputes under ICSID's auspices; and ICSID, still a relatively young institution, is gradually gaining a considerable measure of respect among both developed and developing countries.

The present incumbents were appointed in 1974 and their terms expired on August 2, 1980. They were widely criticized as not being sufficiently qualified in the field of international law and investment.

Treasury, State and I recommend eight highly qualified persons (see attached list). The White House Personnel Office has approved them and all of them have told me they would be delighted to serve.
