The Honorable Jimmy Carter
President,
United States of America
c/o The White House
Pennsylvania Avenue
Washington, D. C.

Dear Mr. President,

It is with great pleasure that the employees at Dixon Boots and I have the opportunity of presenting the enclosed pair of handmade, western dress boots to you. This is being done thru the efforts of the Beaumont, Texas, Democratic Committee to Re-elect the President and with the aid of the Honorable Jack Brooks, member of the United States House of Representatives.

We at Dixon Boots sincerely hope this pair of boots will fit and wear to your satisfaction. If there are any problems as to the fit, color, etc., please return this pair and we will replace them with a custom pair of your choice in style, size and color.

The best fit is guaranteed by having a personal measuring and fitting done by our trained factory representative. We will be most pleased to do this for you at your time, convenience and location. If this is not possible for you at this time, I am enclosing a "self measure" foot chart and brochure for your use.

If you have further questions or if we may be of any service, please do not hesitate to contact us.

Respectfully yours,

George Bergmann
President

Remarks delivered by Cong. Brooks
in introducing the President in
Waco, Texas, 10/22/80

MR. PRESIDENT:

WE HERE IN TEXAS WANT YOU TO HAVE THE FONDEST
MEMORIES OF YOUR VISIT. NOTHING IS MORE
SYMBOLIC OF THE TEXAS TRADITION THAN A PAIR OF
COWBOY BOOTS. I HAVE HERE A PAIR OF BEAUTIFUL
WESTERN BOOTS MADE BY THE DIXON BOOT COMPANY
AND DONATED BY THE OWNER, MR. GEORGE BERGMAN TO
THE JEFFERSON COUNTY DEMOCRATIC EXECUTIVE
COMMITTEE. THESE BOOTS ARE A PART OF THE
POLITICAL ARCHIVES OF THE COUNTY DEMOCRATIC
COMMITTEE, BUT WE HOPE THAT YOU WILL WEAR THEM
IN GOOD HEALTH AND THAT YOU WILL HAVE FOND
MEMORIES OF THE PEOPLE OF SOUTHEAST TEXAS EACH
TIME YOU PUT THEM ON.

Mr. President:

Both Louisiana Senators will be meeting you at the airport. Our campaign has not gotten the kind of help it needs from either of them.

I have been assigned to the state and will be in Louisiana between now and the election for the primary purpose of getting Long and Johnston involved in our effort. With Long worried about his own election (this is ludicrous since he has no opposition in the general) and Johnston still bitter because he feels he did not get his proper reward for being at least the titular chair of our '76 campaign, this is going to be difficult.

You can be immeasurably helpful by letting each know that you need their help if you are going to carry the state and by giving each an indication of the type of assistance they can provide.

RUSSELL LONG (Be sure and pay special attention to Carolyn who is a great fan of you and Mrs. Carter and who has great influence on Russell. You might remind her of the dinner they had with you and Mrs. Carter at the White House -- an affair Mrs. Long says was probably the nicest evening she ever spent)

Senator Long has done very little either for or against us. He has said that he supports your re-election, but he has also said that he could work with whoever won the Presidential race.

We do not need any more statements like that. He has already won his race so his active help in our effort will cost him nothing.

We need: (1) his formal and unequivocal endorsement, (2) help and cooperation from his campaign organization -- he has already given us a black member of his campaign staff and he is doing nicely, and (3) his help in raising money to get out the vote.

BENNETT JOHNSTON

After the '76 election, Johnston felt he should have gotten special consideration and rewards. He did not. He still feels neglected and disregarded.

We need: (1) His formal and unequivocal endorsement, (2) help from him in the Shreveport area which is his home, and (3) help from him in raising money to get out the vote on November 4th.

MIAMI TOWN MEETING

[SALUTATIONS.]

IT'S A REAL PLEASURE TO BE AT THE HOME OF THE RED RAIDERS,
WHOM I HEAR WILL BE THE STATE CHAMPIONS AGAIN THIS YEAR.

MIAMI EDISON HAS A WINNING TRADITION, JUST AS DEMOCRATS HAVE
A WINNING TRADITION -- AND I WHOLEHEARTEDLY ENDORSE TRADITIONS
LIKE THESE.

BEFORE I TAKE YOUR QUESTIONS, I WANT TO SAY A FEW WORDS.

TWO WEEKS AGO IN TALLAHASSEE, I SIGNED INTO LAW THE
REFUGEE EDUCATION ASSISTANCE ACT. BY THAT ACT, CONGRESS AND
MY ADMINISTRATION RECOGNIZED THE FEDERAL RESPONSIBILITY IN
RESETTLING THE CUBANS AND HAITIANS WHO HAVE COME HERE THIS YEAR.

WE ARE MAKING AVAILABLE UP TO \$100 MILLION TO REIMBURSE
THE COMMUNITIES OF FLORIDA AND OTHER STATES FOR EXPENSES

INVOLVED IN THIS INFLUX OF PEOPLE. I DO NOT INTEND THAT LOCAL TAXPAYERS SHOULDER THIS BURDEN, AND YOU WILL NOT AS LONG AS I AM PRESIDENT.

THIS HAS BEEN A DIFFICULT YEAR FOR MIAMI. IT WOULD HAVE HURT THE SPIRIT OF OTHER PEOPLE. BUT INSTEAD YOU WENT RIGHT TO WORK, AND I AM WORKING WITH YOU.

AND WHEN WE'RE THROUGH, HISTORY WILL WRITE THAT WE DID WELL. ABOUT 90 PERCENT OF THE 125,000 PEOPLE WHO CAME FROM CUBA ARE ALREADY RESETTLED. GOVERNOR BOB GRAHAM, MAYOR MAURICE FERRE, AND OTHERS DESERVE A LOT OF CREDIT.

MOST IMPORTANT, WE HAVE SHOWN THAT ONCE AGAIN, THE AMERICAN PEOPLE ACCEPTED AND GAVE NEW HOPE TO YET ANOTHER GROUP OF PEOPLE SEEKING FREEDOM. THIS IS ONE OF OUR NATION'S OLDEST AND MOST HUMANE TRADITIONS, AND THE PEOPLE OF FLORIDA MADE ME PROUD.

Mr. President---

Attached is the "out of context" insert and the press release we would release to back it up.

The only two real possibilities for using it are the town hall meeting this morning or the BBQ at 4:30 p.m. this afternoon.

After talking with Jody, we recommend that you use it at the BBQ since it would more likely fit a rally-like situation. Because, for the networks, that is relatively late in the day we would like to go ahead and release the text of the insert and the press release earlier in the day, embargoed for use on delivery. This way the networks will know what is coming and go ahead and "sell" the story to their offices.

To do that, we need your agreement that you will use it there.

I will use it at BBQ, go ahead and release ahead of time.

Do not agree.

MEMORANDUM FOR THE PRESIDENT

FROM: Bill Alexander, M.C.

RE: Excerpts from a speech delivered at the Minority Business Development Administration Conference, Helena, AR., October 20, 1980

During the past two and half weeks, I have been traveling in the First Congressional District, Arkansas and I have spoken to perhaps 3-4000 persons at some 25 events. Based upon my assessment of citizen reaction to the Presidential campaign, I would draw the following two conclusions:

---Most citizens are just beginning to focus on the nature of the choice before them on November 4.

---The election will ultimately turn on the question of whether certain mis-perceptions about the accomplishments of the Carter Administration can be effectively dispelled.

Acting on those conclusions, I made the following remarks last Monday before an audience of about 250 minority business persons:

Because there has been a pronounced public tendency to assign blame rather than support alternatives, I said,

"During the past few weeks, Jimmy Carter has come under attack by his political opponents who say his economic policies are inept and unsound.

"I suggest to you that the skill of a doctor should not be measured by the patient's disease. Sometimes, the doctor's skill is best measured by how well the patient survives the illness.

"During the past three years, America has been stricken with an economic malady that would have overcome a man of lesser courage, character and intelligence than Jimmy Carter."

I enumerated the fact that your Administration had inherited a \$60 billion deficit in 1977, that the industrial base had become so overregulated that it had been increasingly unable to meet foreign competition; that the nation was "floundering, in need of a meaningful energy policy;" that the unemployment rate was one of the highest since the days of the Great Depression; and that the bureaucracy had become bloated and badly in need of reform.

In response to those conditions, I said,

"Within two years, Jimmy Carter had cut the budget deficit by half. By the end of his third year in office, he was proposing a balanced budget. Ladies and gentlemen, I suggest to you that if this nation had not experienced a 125 percent increase in foreign oil prices over 1977 levels---increases which were capped off by the huge OPEC oil price rise in June 1979---we would have had a balanced budget in 1980.

"I suggest to you that the burgeoning cost of energy created inflationary pressures which mandated stringent monetary controls to stop inflation in its tracks. The inevitable---and some say, necessary---recession triggered automatic government expenditures which will result in yet another deficit this year. If those recession fighting outlays had not been necessary, the Fiscal 1981 budget would almost certainly have been in balance."

I then spoke of your program for deregulating the transportation industry, your elimination of a great many "bureaucratic constraints hobbling the nation's industry and business," and cited your sensitivity to the need for assuring a better environment while recognizing the need for increased productivity. Finally, I cited recent reports of the reduction of the size of the Federal bureaucracy resulting from your hiring freeze policy.

I continued by outlining the essentials of your energy program as embodied in the Windfall Profits Tax Act and the Energy Security Act. I spoke of the benefits to new oil production and exploration of your phased decontrol of domestic crude oil, your concern for making more and better use of coal for power utilities, your program of incentives for energy conservation, your determination to make nuclear power a safe and viable part of the energy system and your aggressiveness in stimulating research and development of alternate sources of renewable energy.

As examples of the soundness of your foreign policy, I said,

"The Carter Administration met confrontation in Iran with strength and resolve. His normalization of relations with China tipped the balance of power in the Pacific toward the West and opened a vast new market for American products. His patience and persuasiveness gave us the Camp David Accords which, at present, are keeping a fragile peace in the explosive middle East. He has forged new ties with our allies based on the principle of mutual respect and responsibility.

"His determination to place human rights above political expediency has restored the United States to a position of respect among the developing nations and has served notice to the Soviet Union and other oppressive regimes that the United States will not practice business-as-usual policies with those who refuse to respect the rights of mankind."

In speaking of national defense, I said,

"Jimmy Carter reversed a decade of neglect of American defenses by practicing a tough-minded policy of force modernization while pursuing arms limitation.

"During the last two years, there has been a realistic concern on the part of the administration for improving the quality of U.S. defenses to meet an increasing Soviet threat."

Citing the Administration defense budget request, I detailed some of the programs made possible by increased expenditures, notably, comparability of service pay, the development of a new manned multi-role bomber to replace the aging B-52, procurement of ALCMs, deployment of the MX, the procurement of a new nuclear carrier and development of the Rapid Deployment Force.

I concluded my comments on national defense by saying,

"In short, Jimmy Carter is not practicing a policy of wishful thinking about Defense. He has faced up to the very real Soviet threat manifested by the Kremlin's demonstrated intention to extend its influence far from its shores by force of arms."

Finally, I spoke of the near certainty that the next four years would bring several vacancies to the Supreme Court,

"Justices are appointed for life and because the Court's decisions have a pronounced influence on our lives and on our society, the power of Presidential appointment is the power to influence policy and events long after a President has left office.

"Frankly, there is every indication that Ronald Reagan, if elected, would appoint individuals to the Court who reflect the narrow interests of the party he represents. Since the mid-1930s, there has been a consistent thread of concern in the Supreme Court for balancing individual and civil rights against property rights. All rights must be protected and it is vital that the Court exercise its great powers in a way that will not benefit one segment of our society to the disadvantage of others."

In concluding the speech, I spoke of the Democratic tradition which has provided the greatest good for the greatest number and said of your presidency,

"It takes courage to trod the path of principle when it would be politically prudent to react to the clamor of special interests. Jimmy Carter has hued closely to the path of principle, demonstrating the kind of political courage that this nation has always demanded of its leaders. Because he has not shied away from the tougher path, this nation will emerge stronger and better able to meet its future."

Mr. President, I have subjected you to this lengthy memorandum not to convince you of my support but to offer you my counsel. If the issues are clearly articulated and the Carter Administration record on those issues is stated without equivocation or apology, I am convinced that the vast majority of all Americans will correctly discern that their own personal interests best align with the aims and goals of the Democratic party.

I can assure you that during the time remaining before November 4, I will take that message to the voters in Arkansas.

With kindest regards, I am,

Bill Alexander, M.C.

Usury Provision Falls Short of Majority Approval

Forty-three percent of Arkansas voters say they approve of the usury provision in the new constitution -- a provision that is nearly identical to Amendment 60 to the present constitution. Thirty-five percent disapprove, while a critical 22 percent are undecided. With less than half of the voters favoring the usury provision, it is apparent that the undecided voters will hold the key to passage of Amendment 60.

Attitudes on the usury issue are closely linked to political party. Democrats, who are by far the most numerous, favor the provision by a slender 39 to 36 margin. A majority of Republicans -- 54 percent -- support the provision, and independents favor it by a 45-38 percent margin.

The most dramatic cutting edge on the issue is education. College graduates approve by a 50-34 margin, while 16 percent have not yet made up their minds. Among those with less than a high school education, the provision is favored, 35 to 32 percent, with fully a third of this

group still undecided.

Traditionally the better educated are more likely to cast ballots on Election Day. If that pattern holds, Amendment 60 will likely pass. If a communica-

tions program directed toward the less educated were launched in the closing weeks before the election, however, opponents of Amendment 60 could well send this measure down to defeat.

One provision of the proposed constitution would make it unlawful to charge more than 10 percent interest unless two-thirds of the Arkansas legislature voted to increase the limit above 10 percent. How do you feel? Do you approve of this provision or not?

November 4: What To Look For

Veteran observers of the Arkansas political scene assure me that this is not what you'd call a typical election year. It's much too quiet, and too many candidates have seemingly insurmountable leads. Yet, it could still turn out to be a suspenseful evening on November 4.

Support for the proposed Constitution of 1980 and Amendment 60 has been in a "stall pattern" for the past two months. Amazingly, despite valiant efforts on the part of proponents to educate voters on these important measures, there has been no decrease in the "don't know" response in two months, nor has there been a significant shift among those who do hold an opinion. On the Con-

stitution, especially, the undecided vote is extremely high. The future of both, then, depends on the turnout of undecided voters. If they continue uncommitted and pass up the chance to cast their votes, passage is likely. However, if opponents of the usury provision and, indeed, the entire new constitution succeed in educating, motivating, and mobilizing this group, they would easily have the numerical strength to defeat both measures.

Among the candidates running for contested offices, attention will be focused on the Clinton-White match-up. We show Clinton well ahead but White making some headway in recent weeks. The odds are

heavily against White since it will not be sufficient for him to capture the votes of Republicans and Independents; he must break into Clinton's support among Democrats. The critical question is whether, in the waning weeks of the campaign, Frank White can find and exploit a Clinton vulnerability.

A final word to trivia-minded readers: without exception, leading candidates in the latest "Arkansas Poll" have last names which commence with a letter higher in the alphabet than their opponents'. Can this be the true key to victory in '80?

David Miller

Fate of Constitution In Hands of Undecided Voters

Nearly half of Arkansas voters have not yet made up their minds about the proposed constitution of 1980. They clearly hold the key to the future. If they elect to bypass this issue on the November 4 ballot, the "Arkansas Poll" indicates that the new constitution will win approval, since supporters of the constitution outnumber opponents by a 3-to-2 margin. If, however, they are persuaded to cast their votes, they can easily make the difference between passage and defeat.

Among people with less than a high school diploma, a massive 57 percent have still not made up their minds on this important legislative issue. Those who have an opinion on this subject split right down the middle. By contrast, college graduates approve the new constitution by a 46-22 percent margin -- better than 2 to 1, with 32 percent undecided.

In November, voters will decide whether to adopt a new Arkansas constitution. How do you feel -- If the election were held today, would you vote for or against the proposed constitution of 1980?

Carter Lengthens Lead Over Reagan

With four weeks remaining, Jimmy Carter holds an 18-point lead over Ronald Reagan, thus strengthening his hold on the state's six electoral votes. John Anderson, never a serious contender in Arkansas, has dropped from a high of 11 percent to a level of 4 percent.

President Carter gains unusually strong support from blacks, who give him a 70-point edge, low-income households (+33) and women (+30). Reagan maintains an 8-point lead among high-income households. The two candidates are dead even among the state's college graduates.

Suppose the Presidential election were being held today. If Jimmy Carter were the Democratic candidate, Ronald Reagan were the Republican candidate, and John Anderson were the Independent candidate, who would you like to see win? If Other Or Undecided. As of today, do you lean more toward Jimmy Carter the Democrat, Ronald Reagan the Republican or John Anderson the Independent?

Clinton Holds 2-to-1 Lead Over White

By a 60-28 percent margin, Arkansans express a preference for gubernatorial incumbent Bill Clinton over challenger Frank White. The latest poll reflects a slight improvement for White over the past month, as he has picked up support from Republicans and Independents. White has failed to improve his standing among Democrats, however. Considering the lopsided proportions of Democrats in Arkansas, White must make inroads here to take over the governor's seat.

Bumpers Maintains Impressive Lead

Bill Clark is engaged in a steep uphill battle to unseat Dale Bumpers. At least through the second week of October, Clark has made little headway. The latest "Arkansas Poll" shows Bumpers leading, 72 percent to 20 percent. The results are barely changed from the September poll, which showed Bumpers with a 76 to 17 edge.

Winston Bryant Firmly In Control

By a four-to-one margin, Winston Bryant holds a commanding lead over James Canfield in the race for Lieutenant Governor. Canfield holds a 40-17 edge among Republicans, but he lags far behind in every demographic group. Bryant, who has not campaigned vigorously in the early weeks, clearly benefits from higher name recognition than his opponent.

Amendment 59 Given Solid Support

The Property Tax Relief and Rollback Amendment -- Amendment 59 to the present constitution -- seems headed for adoption. Approval of this amendment has steadily risen in the past two months from 60 percent in August to 70 percent in September and 79 percent in the most recent survey.

In November, voters will be asked to decide whether to adopt Amendment 59 to the Arkansas constitution. It is called the Property Tax Relief and Rollback Amendment, and it provides that a county's total property tax collection cannot increase by more than 10 percent from one year to the next. How do you think you'll vote on this Amendment -- for or against?

Statement of Methodology

The information contained in this report is derived from telephone interviews conducted October 7-10 with adult residents of Arkansas. Respondents are selected by a technique called random digit dialing which gives each telephone household in the state a virtually equal chance of being selected for interview. Data are based on interviews with 798 adults of whom 658 are registered voters. Reported percentages are accurate within a maximum range of ±4% at the 95% level of confidence. For example, if we report that 50% of the total sample hold a particular view, the odds are 19 in 20 that the "true" value lies between 46 and 54%.

The Honorable Jimmy Carter
President,
United States of America
c/o The White House
Pennsylvania Avenue
Washington, D. C.

Dear Mr. President,

It is with great pleasure that the employees at Dixon Boots and I have the opportunity of presenting the enclosed pair of handmade, western dress boots to you. This is being done thru the efforts of the Beaumont, Texas, Democratic Committee to Re-elect the President and with the aid of the Honorable Jack Brooks, member of the United States House of Representatives.

We at Dixon Boots sincerely hope this pair of boots will fit and wear to your satisfaction. If there are any problems as to the fit, color, etc., please return this pair and we will replace them with a custom pair of your choice in style, size and color.

The best fit is guaranteed by having a personal measuring and fitting done by our trained factory representative. We will be most pleased to do this for you at your time, convenience and location. If this is not possible for you at this time, I am enclosing a "self measure" foot chart and brochure for your use.

If you have further questions or if we may be of any service, please do not hesitate to contact us.

Respectfully yours,

George Bergmann
President

IT IS GREAT TO BE HERE.

THIS FEELS LIKE DEDICATING A NEW AIRCRAFT CARRIER --
& IT IS EVERY BIT AS IMPORTANT TO OUR NATION.

THE 1ST RESPONSIBILITY OF A PRES. IS THE SECURITY OF THE UNITED STATES.
FROM THE MOMENT I TOOK OFFICE
AS THE COMMANDER-IN-CHIEF OF THE FORCES OF THIS NATION,
I SET 2 VITAL GOALS --
REVERSING THE DECLINE IN OUR MILITARY STRENGTH
& REVERSING OUR DEPENDENCE ON FOREIGN OIL.

(=OVER=) (MILITARY SECURITY.....)

MILITARY SECURITY & ENERGY SECURITY
ARE ESSENTIAL TO OUR NATIONAL SECURITY.

Electrostatic Copy Made

I FOUGHT LONG & HARD

FOR THE 1ST COMPREHENSIVE ENERGY POLICY IN OUR HISTORY --
& OUR VICTORY IS A VICTORY FOR ALL AMERICANS.

AMERICA IS AT THE RECEIVING END OF A 12,000-MILE SUPPLY LINE
AT THE OTHER END IS DANGER, & UNCERTAINTY, & TURMOIL.

THE LAST TIME THERE WAS A CRISIS IN THE PERSIAN GULF,
WORLD OIL SUPPLIES WERE CUT BY 4 MILLION BARRELS A DAY.
WE HAD LONG GAS LINES, & FEARS OF WORSE.

TODAY, BECAUSE OF THE WAR BETWEEN IRAN & IRAQ,
WORLD SUPPLIES ARE AGAIN BEING CUT BY ABOUT 4 MILLION BARRELS A DAY --
& WE ARE AHEAD OF THE CRISIS.

(=NEW CARD=) (WE ARE BUILDING.....)

DRILLING RIG UTILIZATION RATES

HAVE INCREASED BY 35% OVER THE SAME PERIOD LAST YEAR.

& HAVE ALMOST DOUBLED COMPARED TO THE 1976 AVERAGE.

DOMESTIC CRUDE PRODUCTION HAS REVERSED ITS 3-YEAR DECLINE.

BECAUSE WE HAD THE COURAGE TO MOVE AHEAD WITH DECONTROL

AMERICA WILL PRODUCE

AN ADDITIONAL 400-TO-700-THOUSAND BARRELS PER DAY IN 1985,

& 600-THOUSAND-TO-1-MILLION BARRELS PER DAY IN 1990.

DOMESTIC PRODUCTION OF NATURAL GAS HAS HALTED ITS DECLINE (SINCE 1973)

& LAST YEAR'S DOMESTIC PRODUCTION

REPRESENTED A 3% INCREASE OVER THE PRECEDING YEAR.

(NEW CARD) (ADDITIONS TO.....)

ADDITIONS TO RESERVES OF DOMESTIC NATURAL GAS
HAVE RISEN FROM A LOW OF 7.6-MILLION-CUBIC-FEET IN 1976
TO 14.3-TRILLION-CUBIC-FEET IN 1979.

GAS INDUSTRY REPRESENTATIVES

INDICATE THAT 1980 RESERVE ADDITIONS WILL CONTINUE THIS TREND.

WE ARE CONSERVING MORE -- EVEN AS WE ARE PRODUCING MORE.

OIL IMPORTS ARE DOWN 2 MILLION BARRELS PER DAY.

DURING THE MOST RECENT WEEKS

WE HAVE BEEN IMPORTING FULLY ONE-THIRD LESS OIL

THAN AT THIS TIME LAST YEAR.

**Electrostatic Copy Made

(=OVER=) (THE SOUL OF.....)

THE SOUL OF OUR ENERGY POLICY
IS THAT THERE ARE MANY DIFFERENT,
COMPLEX,
EXCITING PATHS TO ENERGY SECURITY --
& WE WILL EXPLORE ALL OF THEM!

OUR GOAL IS TO DRAW 20% OF ALL THE ENERGY WE USE
FROM THE SUN & OTHER RENEWABLE RESOURCES
BY THE YEAR 2000.

We have now

(=NEW CARD=) (~~THROUGH OUR NEW T.T.~~)

WE HAVE MORE OIL LOCKED UP IN OUR SHALE
THAN 3 SAUDI ARABIAS PUT TOGETHER --
& EVEN MORE LOCKED UP IN COAL.
THROUGH OUR NEW SYNTHETIC FUEL INDUSTRY
WE ARE BEGINNING TO TAP THOSE RESOURCES.

18 MONTHS AGO

VIRTUALLY NO GASOHOL WAS BEING PRODUCED IN THIS COUNTRY.
WE NOW HAVE THE CAPACITY TO PRODUCE 135 MILLION GALLONS OF ETHANOL.
MY GOAL IS TO PRODUCE ENOUGH ALCOHOL FUEL BY THE END OF 1990
TO REPLACE 10% OF THE GASOLINE WE USE.

(=OVER=) (MY OPPONENT'S.....)

MY OPPONENT'S ENERGY PROGRAM

HAS NO SUCH GOALS,

~~NO SPECIFICS,~~

Electrostatic Copy Made

NO SPECIFICS,

& NO PROVEN RECORD OF INCREASED OIL PRODUCTION.

IT IS A RESOUNDING LIST OF NUMBERS

THAT ADD UP TO NO ENERGY SECURITY,

& NO END TO THE THREAT TO OUR SECURITY

FROM THE DEPENDENCE ON FOREIGN OIL.

I SAY WE CANNOT AFFORD TO THROW AWAY THE-PROGRESS-ON-ENERGY

THE PROGRESS ON ENERGY THAT WE HAVE MADE!

THE SAME IS TRUE FOR OUR NATION'S DEFENSE.
